

LEGACY POLICY

The HOA Board provides clarifying language to policies within Legacy to better help homeowners understand what is allowed and not allowed.

HOLIDAY LIGHTING

General:

Legacy DOES NOT ALLOW Holiday Lighting to be left on homes year-round. Some companies are selling new LED lighting that can be used for numerous holidays, examples they explain are for July 4th, Halloween, Presidents day, etc... Legacy **DOES NOT** allow holiday lighting outside traditional Christmas lighting period.

Dates for Lighting Installation:

- Installation can begin after November 1st.
- Many professional lighting installation companies are getting an earlier start due to labor shortages. Please try and stay within the dates for having lighting exposed on gutters, windows and landscaping.

Lighting Commencement:

- Lights can be turned on after Thanksgiving.
- Lighting is ended January 31st.

Removal:

- Lighting, wiring, clips, extension cords, etc.... shall be removed by February 1st at the latest.
- DO NOT leave lighting attachment clips on your home year-round.
